

898 Sand Hill Court, Kiel

#10

From Hwy 57 in Kiel:

Take Main Street/Fremont Street to Eighth Street. Go south on Eighth Street. Enter subdivision on your right at Sand Hill Court. Home is on your right.

Hillcrest Builders and Construction

Hillcrest Builders, established in 2001, is a leading residential land developer and home builder. Our newest community, Kieland meadows, offers a picturesque and serene nature setting, located adjacent to the Kiel Marsh State Wildlife Area and Sheboygan River and within walking distance to downtown and schools.

Hillcrest-built homes are known for the beautiful designs, locally sourced craftsmanship, outstanding value and focus on energy efficiency. With a promise of

transforming your ideas into your stunning new home, Hillcrest will work closely with you from beginning to finish. Our in-house design center allows you to choose from pre-priced models or customize a home or remodel project within your budget. Many of our models are presented in two different lines – Premium and Value Line. The Premium Line is the high watermark for design and function, in which we offer name brand Standard Features of the highest level. Our recently introduced Value Line offers homes with the same high quality construction

and craftsmanship at astonishing prices. Both the Premium and Value Line customers benefit from the predictability of pre-priced standard plans combined with our team to select finishes and fixtures in our Plymouth Design Center.

When you build with Hillcrest you will experience our dedication to create your dream home. For more information on our Custom Homes, Remodeling Division, Premium Line or Value Line, please visit our website at www.hillcrestbuilders.com.

Project Description:

Hillcrest Builders is proud to introduce this Stirling house. This spacious Ranch model is located in our newest subdivision, Kieland Meadows on the west side of Kiel within walking distance to schools and downtown. The house features a large porch and inviting windows, framing the beautiful scenery overlooking the Kiel Marsh State Wildlife Area and Sheboygan River. The house offers numerous high quality features that highlight the craftsmanship and attention to detail in all Hillcrest homes.

Quality Features Include:

- Charming 1330 sq. ft. ranch with open floor plan
- Living area with vaulted ceiling and lots of natural light
- Master bedroom with large walk-in closet
- Spacious bathroom with two sinks and linen closet
- Egress window in basement, set-up for future bath and bedroom
- Kitchen island features designer countertops
- White interior trim with six-panel doors
- Inviting front porch with cedar railing
- Laundry room from garage offering ample storage space with built in bench
- Anderson windows
- 2x6 construction
- High energy efficiency features
