If you are thinking about building, this is a home that you will definitely want to see!

Karr-Bach Builders would like to thank the owners for graciously and proudly giving us the opportunity to show everyone their beautiful home.

Karr-Bach Builders has been in business for over 14 years building custom homes in an approximate 60-mile radius from the Mt. Calvary area. We have proudly participated in numerous Fond du Lac parade of homes in addition to the Oshkosh parade this year. This year marks the first year that we are placing a home in the MSHBA parade and we are very proud and grateful to have the opportunity to participate.

Every home that we build is given great care and attention to all of the details. When we say "custom" ... we always mean "custom". Every aspect of the project and the process is carefully outlined with our customers to ensure that the ultimate vision for their dream homes is always met.

Karr-Bach Builders takes great pride in the work that we do. We have an amazing and talented team of employees who have been with us for a very long time, some of them from the very beginning. We also have our own in house Interior Designer on staff who specializes in helping with all of the critical selection decisions needed for making a home look and feel spectacular.

We offer no cost, no obligation custom preliminary plans and quotes. So, if you are in the market for a new home, have a remodeling project, or if you need an addition, do not hesitate to give us a call!
